– December 2010 –

Events

December 10th 12 noon Not just *an* event, but *the* event – on December 10th, the Danish-American Chamber of Commerce will be hosting the traditional **Christmas Luncheon** at the Harvard Club.

See www.daccny.com/events.html to sign up for a lunch in good company and charming surroundings.

This event will also feature the **annual members' meeting**. Please remember to return the ballot.

Recent events

September saw our chamber in a joint venture with the other Nordic chambers in the **Nordic Forum 2010**, held at Scandinavia House.

Henry Gooss (*Investor Growth Capital*), George Caraberis (*Fredericks Michael & Co*) and Paul Marcussen (*Norges Bank Investment Management*) discussed the forum topic Investment in a Challenging Climate.

In a well-visited event, members of the various chambers got a lively discussion before the networking aspect of the event took over.

In October, DACCNY followed up on the recent farewell to Consul General Torben Gettermann by having an event to welcome **new Consul General Jarl Frijs-Madsen** at the Danish Consulate General in New York.

We welcome Jarl Frijs-Madsen on his new post and look forward to a constructive partnership. Jarl Frijs-Madsen has come to New York from a position as Under Secretary for Foreign Trade and Investment and Head of the Trade Council of Denmark, where he was responsible for Denmark's trade promotion, investment promotion (Invest in Denmark) and trade policy. In this capacity, Jarl Frijs-Madsen was also a part of the Ministry of Foreign Affairs Corporate Management Committee.

Job postings

Did you know that our website has a section for job postings? Not a lot of our members make use of the free service for posting the company's job openings. The Danish-American Chamber of Commerce gets a considerable traffic and correspondence from interested and interesting people looking for jobs in New York – so the site gives you a good opportunity for exposure with the job openings in your company.

See www.daccny.com/jobs.html for the current postings.

The postings received will be featured on the DACCNY [LinkedIn](#) and [Facebook](#) pages as well.
