DACC Newsletter

August 2014

Dear <<First Name>>,

We hope that those of you who just got back from summer vacation are now again fully loaded on energy and are ready for this fall's coming events.

Today we have the monthly Stambord, co-hosted with DABGO, which is held first Wednesday every month, where fellow Danes meet to network over a Danish beer or two. Further we are working on a coming event on leadership, so keep that in mind and we will provide you with the program in the nearest future.

Internally in DACC we also have some upcoming changes. Anders Lindskov Jensen and Camilla Søggaard from the Danish Consulate General will take over the Secretariat function for DACC. Anders, who is part of the Consulate General's Life Sciences Team, will be the new General Manager and Camilla, attached to the ICT/Tech Team, will support as the new Assistant Manager.

As always, feel free to contact us with any questions or ideas you might have at daccny@daccny.com.

Have a great August!

Yours sincerely,
The DACC Secretariat
Daniel Skavén Ruben, Anders Lindskov Jensen &
Camilla Søggaard

The DACC Expertise Gateway Program

The Expertise Gateway Program is an opportunity for present and future members to get access to specialized knowledge within our members' fields of expertise - free of charge. For donors, the program is an opportunity to showcase and generate publicity around your own business, your expertise, and to help you grow your network. You and your business will be listed on DACC's website and various other outlets that advertise the program.

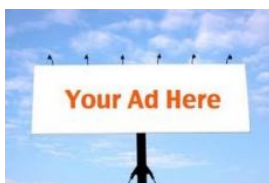

Currently, four DACC members are donors in the Expertise Gateway Program and offer their extensive business expertise within their respective industries.

MINISTRY OF FOREIGN AFFAIRS OF DENMARK
THE TRADE COUNCIL

DACC Member the Consulate General of Denmark is looking

LEMONSQUEEZE

Want to become part of the DACC Young Professionals Event Committee?

DACC is looking for three young, motivated professionals residing in New York to be part of our Young Professionals Event Committee. The Event Committee is in charge of finding relevant companies for the Young Professionals monthly company visits as well as planning and executing these visits.

This is a great way for you to enter into dialogue with prominent people from some of the most interesting companies in New York! The past eight months we have met with Lemonsqueeze/Spoiled Milk, PREHYPE, Bloomberg LLP, Fritz Hansen, reD Associates, and Google.

This is also chance to work voluntarily - with an expected workload of a few hours a month! - for a prestigious nonprofit corporation (DACC) that exists to promote business relations between Denmark and the US.

Send your application to daccny@daccny.com. We expect applications to be an informal email explaining the purpose and length of your stay in New York and a few lines on your background. The positions are to be filled as per August 2014.

You are also very welcome to shoot us an email, should you have any questions.

DACC Member - Airshells

Now you can travel with ease of mind knowing that your wheelchair or walker is safely protected during

at the Trade Council.

"At the Consulate General of Denmark in New York, you will be part of a dynamic office consisting of one Corporate Credit and Financial Management Advisor and six Commercial Advisors covering different sectors and industries. In this position you will proactively reach out to relevant Danish companies, primarily within the energy & environment sector, in order to advise and facilitate access to financing opportunities as well as leading financial packages in relation to their export and investment activities in the USA. You will work with TC and EKF to bridge the services provided to Danish companies by the two organizations."

[Read more and apply here.](#)

The deadline to apply is August 15th (EST), and the position is to be filled by September 1st, 2014.

A special thanks to our Sustaining Members!

and the unique solution is now available in the US in partnership with United Airlines at all their 250 domestic airports.

The Airshells safety bags minimize this risk, as they are well-padded to protect your wheelchair or walker from rough treatment and shocks by airport handling. The safety bags also eliminate scratches and help airport handlers to get a secure grip on the often-bulky items. Damage to wheelchairs during air travel is frequent. A broken wheelchair can take months to repair, effectively putting people's lives on hold.

Reputable accessibility groups such as the United Spinal Association, Open Doors Organization, CFDC and nAblement all recommend Airshells' solutions and welcome the company's expansion into the US.

"We have realized the huge demand for our services in the US and we are thrilled to team up with United Airlines as well as various major accessibility organizations. Though the operation is huge our first priority still is the individual traveler who will benefit greatly from our services," says Kim Christensen, CEO of Airshells.

About Airshells

Airshells specializes in the safe handling of fragile baggage such as wheelchairs, walkers, and strollers. Airshells was founded in Copenhagen, Denmark, in 2005 by Kim Christensen, himself a former airport luggage handler. Located at some 75 European and 250 American airports, Airshells products are easily rented online at www.airshells.us.
