Voyage to the Virtual

DACC February 2015

Dear <<First Name>>,

We hope that you all have made it through the snow and cold weather!

January has been an eventful month and a month with many new members. On January 22, DACC had the pleasure of inviting all members to the event, *Conversation on financial Development - Europe vs. United States*, co-hosted with EACC.

During the last month the Young Professionals have especially grown.

Unfortunately the Young Professional event at the [New York Stock Exchange](#) on February 11 was cancelled and we are still trying to find a new date.

For general members, we have arranged an event with Torsten Slok, Chief International Economist at Deutsche Bank. The topic for this event will be the outlook for the U.S. economy in 2015. The event will be held on March 9, at 6:00 pm.

For more details, please see our website.

January was also the month where DACC's Assistant Manager Camilla Søgård ended her internship at the Royal Danish Consulate General and her position at DACC. Camilla is

Voyage to the Virtual takes the metaphor of “the voyage”—a concept deeply rooted in Nordic identity—as a starting point for an exploration into the ways contemporary artists are expanding on the human perceptual experience. Combining video, animation, sculpture, light, and interactive media, the exhibition invites viewers on expeditions to the far north, travels through time and space, and perceptual journeys into the realm of the virtual.

Voyage to the Virtual features the work of contemporary artists from Denmark, Finland, Iceland, Norway, and Sweden, including Katja Aglert, Elina Brotherus, A K Dolven, Olafur Eliasson, Jette Gejl Kristensen & Peter Møller-Nielsen, Petra Lindholm, Ann Lislegaard, Per Platou, Jacob Tækker, and Anders Weberg.
