DACCNY May 2016

Dear <<First Name>>,

We hope that you are enjoying the Danish-American Spring weather.

We would like to thank all of you who joined us for the event on April 7 with the United Nations President Mogens Lykketoft. The event was held at the Official Residence of Denmark and jointly organized by DACCNY and the Danish Consulate General. Earlier this year we had another very informative and successful event concerning U.S. Tax & Estate Issues for International Families.

On May 10 we are hoping to see many of you at our next event [Branding & Digital Marketing in the U.S.](#)

Also, [DACCNY's annual Whitsun Dinner - Pinsefrokost](#) will this year be held in collaboration with Claus Meyer at his much anticipated restaurant Agern on May 20th. Seating is limited, so hurry up and secure your ticket!

Art is a must for a creative and reflective society

We like to share. The National Gallery of Denmark is a vibrant source of art expertise and treasures, and the Gallery works hard to share these gems with the general public nationally and internationally. We are proud and honored to fulfill our duty of caring for, researching, and presenting art of the past, present, and future.

In our rapidly changing world, SMK believes that the art museum plays an important role in helping to build a more creative and reflective society. SMK aspires to develop a 21st century museum and activities where people of all ages, nationalities and walks of life come to learn from one another and explore together using art as the medium through which we can all connect.

The generous and open minded members of AFSMK are essential to making this vision a reality.

It's all about development, networking and fundraising - and it's a new way of making visions of certain international projects possible around Danish art and broadening the awareness of Danish art. It's because of the generosity of our supporters (individuals and corporates) that we in the Fall and Spring of 2015-16 could present a unique and very well reviewed
