DACCNY NEWSLETTER

August, 2017

Greetings,

We hope that you're enjoying your summer and that you and your friends and family have had an opportunity to relax and spend some quality time together.

NYC gains a boundless energy over the warmer months, and there are innumerable things to do in the summer.

We recommend a trip to the [MoMA Design Store](#), which just announced an exclusive partnership with Danish Design firm HAY. There you'll have the opportunity to view the HAY KITCHEN, which launched on August 22.

We're also excited to invite you to the first events of this upcoming fall, where we hope to see you all.

As always, we encourage you to explore the benefits of your [DACC membership](#) and share with us any ideas, events or other happenings, that you think would be of interest to your co-members. If you wish to co-host events, share articles in DACC's monthly newsletter, or advertise on the DACC website - we can help with that, too.

Here's to a continued joyful summer!

General Manager, DACCNY Secretariat

UPCOMING EVENTS

DACCNY EVENT.
GOLDMAN SACHS

**Environmental, Social and Governance (ESG) and Impact Investing
Presentation by Megan Starr, Vice President at Goldman Sachs**

DACCNY is excited to invite its members to spend an evening with Megan Starr, a vice president in Goldman Sachs Asset Management, focused on Environmental, Social and Governance (ESG) and Impact Investing initiatives. Megan Starr will give a talk on Environmental, Social and Governance (ESG) and Impact Investing. ESG and Impact Investing are at the forefront for many investors with a growing interest in accomplishing the following goals:

- Alignment: Avoiding investing in issues that do not align with their values.
- ESG integration: Investing in managers who incorporate a company's environmental, social, and governance practices into their selection processes and who prioritize such concerns as material to financial returns.
- Impact investing: Investing in private companies that seek to achieve social and environmental impact alongside financial returns.
